SUBJECT INDEX

Note: Abstract Index follows Author Index

A

Ablative photodecomposition
Endoexcimer laser intraocular ablative photodecomposition (letter), 483
Excimer laser therapy for experimental *Candida* keratitis, 534

Ablepharon macrostomia syndrome
Ablepharon macrostomia syndrome, 552

***Acanthamoeba* sp.**
Susceptibility of *Acanthamoeba* to surgical instrument sterilization techniques (letter), 724

Accommodation
Progressive-addition lenses in the treatment of accommodative esotropia, 56

Acetazolamide
Failure of acetazolamide to decrease intraocular pressure in patients with carbonic anhydrase II deficiency, 396
Local ocular hypotensive effect of topically applied acetazolamide (correspondence), 92

Adnexa
Tumor, nodes, and metastasis (TNM) classification of malignant tumors of the eye and ocular adnexa (editorial), 83

Afferent pupillary defect
Pupillary defects in retinitis pigmentosa, 607

Allopurinol
Allopurinol and cataracts (correspondence), 215

Alternation
Lack of alternation in patients treated for strabismic amblyopia, 63

Amblyopia
Lack of alternation in patients treated for strabismic amblyopia, 63
Pulfrich effect in anisometropic amblyopia and strabismus (correspondence), 370

Amyloidosis
Unusual inclusions in stromal macrophages in a case of gelatinous drop-like corneal dystrophy, 312

Anesthesia
Absence of corneal toxicity with low-level topical anesthesia, 691
Use of xylazine-ketamine anesthetic for intraocular surgery on rabbits (letter), 614

Angle-closure glaucoma
Angle-closure glaucoma and transient ischemic attacks (letter), 493
Ratio of lens thickness to axial length for biometric standardization in angle-closure glaucoma, 400

Anisometropia
Fitting gas-permeable contact lenses after penetrating keratoplasty, 511

Anterior chamber
Bacterial endophthalmitis associated with exposed monofilament sutures following corneal transplantation, 111
Broken semiflexible intraocular lens implant, 170
Changes in the contralateral eye in uncomplicated persistent hyperplastic primary vitreous in adults, 122
Cyclosporine penetration into the anterior chamber and cerebrospinal fluid (letter), 210
Effects of intraocular irrigating solutions on the corneal endothelium after in vivo anterior chamber irrigation, 321
Histopathologic correlative study of Kelman-style flexible anterior chamber intraocular lenses, 159
Treatment of a cyclodialysis cleft with argon laser photocoagulation in a patient with a shallow anterior chamber, 5

Antibiotic drugs
Loading doses and extended dosing intervals in topical gentamicin therapy, 329

Antibody
Monoclonal antibodies in ophthalmology (editorial), 720

Antigen
Penicillamine-induced ocular myasthenia gravis, 66

Aphakia
Diagnosis of epithelial downgrowth after keratoplasty, 697
Intraocular hypertension resulting from pupillary block by silicone oil (letter), 87

Aqueous humor
Azlocillin levels in human tears and aqueous humor, 469
Comparison of standard and computerized tomography instruments on human eyes, 403
Diagnosis of epithelial downgrowth after keratoplasty, 697
Fluorophotometric study of the effect of argon laser trabeculoplasty on aqueous humor dynamics, 579

Arthritis
Penicillamine-induced ocular myasthenia gravis, 66

Ascorbic acid
Ascorbic acid therapy in a thermal burn model of corneal ulceration in rabbits, 74

***Aspergillus* sp.**
Treatment of *Aspergillus fumigatus* keratitis in rabbits with oral and topical ketoconazole, 476

Astigmatism
Delayed wound healing after radial keratotomy (letter), 485
Fitting gas-permeable contact lenses after penetrating keratoplasty, 511
Ocular features of Down's syndrome, 659
Postoperative astigmatism after central vs eccentric penetrating keratoplasties, 317
Rearranged automated keratometer for newborn infants and patients in the supine position, 664
Atropine
Atropine toxicity (letter), 613
Axial length
Changes in the contralateral eye in uncomplicated persistent hyperplastic primary vitreous in adults, 122
Ratio of lens thickness to axial length for biometric standardization in angle-closure glaucoma, 400
Azlocillin
Azlocillin levels in human tears and aqueous humor, 469

B

Beta-blocker
Cardiovascular effects of topical beta-blockers during exercise, 173
Betaxolol
Cardiovascular effects of topical beta-blockers during exercise, 173
Birdshot retinochoroidopathy
Subretinal choroidal neovascularization in birdshot retinochoroidopathy, 40
Blepharitis
Ocular features of Down's syndrome, 659
Blepharochalasis
Blepharochalasis syndrome, 424
Blepharoptosis
Clues to the diagnosis of functional unilateral blepharoptosis (letter), 612
Internal vertical shortening for the correction of diffuse or segmental postoperative blepharoptosis, 429
Ocular findings in a new heritable syndrome of brain, eye, and urogenital abnormalities, 51
Blepharospasm
Biofeedback therapy of essential blepharospasm (correspondence), 370
Treatment of blepharospasm with botulinum toxin, 176
Use of botulinum toxin in blepharospasm, 542
Blindness
Intraocular cysticercosis, 252
Natural course of retinitis pigmentosa over a three-year interval, 240
Xerophthalmia rates in children in Ethiopia and Sudan (letter), 734
Blood-retinal barrier
Fluid dynamics in eyes with rhegmatogenous retinal detachments, 673

Books
Advanced Techniques in Ocular Surgery, by Jakobiec, F. A., and Sigelman, J., 95

World Blindness and Its Prevention. Volume 2, by International Agency for the Prevention of Blindness, 96
World Health Statistics Quarterly, by World Health Organization, 95

Botulinum toxin
Treatment of blepharospasm with botulinum toxin, 176
Use of botulinum toxin in blepharospasm, 542
Brucellosis
Retinal detachment in chronic brucellosis (letter), 733
Bullous keratopathy
Secondary intraocular lens implantation during or after corneal transplantation, 515

C

***Candida* sp.**
Excimer laser therapy for experimental *Candida* keratitis, 534
Candidiasis
Ocular findings in the candidiasis-endocrinopathy syndrome (letter), 486
Cannula
Sutureless self-retaining infusion cannula for pars plana vitrectomy (letter), 612
Carcinoma
Clinicopathologic study of 21 cases of adenoid squamous cell carcinoma of the eyelid and periorbital region, 291
Orbital fine-needle aspiration biopsy, 547
Cardiovascular effects
Possible cardiovascular effects secondary to topical ophthalmic 2.5% phenylephrine (letter), 362
Carotid artery
Neovascular glaucoma and carotid artery obstructive disease, 567
Cataract
Allopurinol and cataracts (correspondence), 215
Echographic findings in eyes with traumatic cataracts (letter), 496
Impact of referral bias on evaluation of cataract surgery, 149
Ocular features of Down's syndrome, 659
Ocular findings in a new heritable syndrome of brain, eye, and urogenital abnormalities, 51
Peripheral corneal edema after cataract extraction, 298
Potential acuity meter for predicting postoperative visual acuity in cataract patients (letter), 365
Secondary intraocular lens implantation during or after corneal transplantation, 515
Surgical management of dislocated traumatic cataracts, 583
Survey of current cataract surgical techniques, 35
Catheter
Compressive optic neuropathy induced by intranasal balloon catheter (letter), 487
Central retinal artery
Central retinal artery occlusion during cardiac catheterization, 586
Children
Atropine toxicity (letter), 613
Avascular zone in the macula in cicatricial retinopathy of prematurity, 235
Erythema multiforme after use of topical sulfacetamide, 465
Lacrimal surgery in children, 27

Ocular findings in a new heritable syndrome of brain, eye, and urogenital abnormalities, 51
Progressive-addition lenses in the treatment of accommodative esotropia, 56
Simple grating visual acuity test for impaired children, 652
Treatment of corneal opacification in mucolipidosis IV with conjunctival transplantation, 137
Visual function and academic performance, 346
Xerophthalmia rates in children in Ethiopia and Sudan (letter), 734
Xerophthalmia, the deadly disease (editorial), 207

Choroid
Correlation of choroidal subretinal neovascularization with fluorescein angiography, 263
Delayed choroidal vascular filling after krypton laser photocoagulation, 154
Neurofibromatosis of the choroid (letter), 367
Subretinal choroidal neovascularization in birdshot retinochoroidopathy, 40

Chromatopsia
Prolonged complementary chromatopsia in users of video display terminals (correspondence), 735

Ciliary body
Activation of ciliary body melanoma metastasis after abdominal surgery (letter), 209

Closed-angle glaucoma
Filtering iridocycloretraction in chronic closed-angle glaucoma, 340

Color vision
Methyl bromide optic atrophy, 715
Progressive cone dystrophy associated with low α-L-fucosidase activity in serum and leukocytes, 681
Prolonged complementary chromatopsia in users of video display terminals (correspondence), 735
Visual function and academic performance, 346

Computed tomography
Comparison of standard and computerized tomography instruments on human eyes, 403

Computer
Automated visual acuity testing computer program using the Apple II system, 188
Computer-assisted composition and reproduction of ophthalmic documentation, 711
Computers and THE JOURNAL (editorial), 482
Misspelling of ophthalmology (letter), 723
Simple database computer program for ophthalmic use, 411

Cone
11-Cent test for low-illumination visual dysfunction (nyctalopia) (letter), 733
Progressive cone dystrophy associated with low α-L-fucosidase activity in serum and leukocytes, 681

Congenital disorders
Ablepharon macrostomia syndrome, 552

Conjunctiva
Conjunctival biopsy in sarcoidosis, 68
Conjunctival hamartoma in neurofibromatosis (letter), 731
Dehydrated cucumber slice as a mount for conjunctival biopsy specimens, 539
Immunologic basis for the pathogenesis of pterygium (correspondence), 216
Mydriasis and conjunctival paresthesia from local gentamicin (letter), 723
Ocular abnormalities in mucolipidosis IV, 125
Subconjunctival dislocation of a posterior chamber intraocular lens (letter), 85
Surgical management of floppy eyelid syndrome, 557
Synthetic fiber granuloma of the conjunctiva (letter), 598
Treatment of corneal opacification in mucolipidosis IV with conjunctival transplantation, 137
Trifluridine-associated conjunctival cicatrization (letter), 363

Conjunctivitis
Erythema multiforme after use of topical sulfacetamide, 465

Contact lens
Corneal abrasion secondary to a malpositioned contact lens (letter), 598
Effects of hypotonic and hypertonic solutions on the fluid content of hydrophilic contact lenses, 521
Fitting gas-permeable contact lenses after penetrating keratoplasty, 511
Improved contact-lens holder for vitreous surgery (letter), 213

Cornea
Ablepharon macrostomia syndrome, 552
Absence of corneal toxicity with low-level topical anesthesia, 691
Ascorbic acid therapy in a thermal burn model of corneal ulceration in rabbits, 74
Bacterial endophthalmitis associated with exposed monofilament sutures following corneal transplantation, 111
Broken semiflexible intraocular lens implant, 170
Changes in corneal curvature induced by sutures and incisions (correspondence), 497
Clinical evaluation of the Dicon CAT 100 applanation tonometer, 708
Contact thermal burns of the cornea from electric curling irons (correspondence), 90
Corneal abrasion secondary to a malpositioned contact lens (letter), 598
Corneal curvatures in premature infants (letter), 213
Corneal endothelial trauma after Descemet's membranotomy with the neodymium-YAG laser (letter), 484
Delayed wound healing after radial keratotomy (letter), 485
Effects of intraocular irrigating solutions on the corneal endothelium after in vivo anterior chamber irrigation, 321
Excimer laser therapy for experimental *Candida* keratitis, 534
Fitting gas-permeable contact lenses after penetrating keratoplasty, 511

Idiopathic sectoral corneal endotheliitis (letter), 728
Insect sting in a cornea (letter), 727
Keratopathy associated with the use of naproxen (letter), 598
Loading doses and extended dosing intervals in topical gentamicin therapy, 329
Natural killer cells against human corneal endothelium, 524
Ocular abnormalities in mucolipidosis IV, 125
Ocular effect of neodymium-YAG laser (correspondence), 368
Ocular findings in a new heritable syndrome of brain, eye, and urogenital abnormalities, 51
Peripheral corneal edema after cataract extraction, 298
Postoperative astigmatism after central vs eccentric penetrating keratoplasties, 317
Rearranged automated keratometer for newborn infants and patients in the supine position, 664
Secondary intraocular lens implantation during or after corneal transplantation, 515
Stellate iron lines in the corneal epithelium after radial keratotomy (correspondence), 219
Treatment of corneal opacification in mucolipidosis IV with conjunctival transplantation, 137
Treatment of *Nocardia* keratitis with topical trimethoprim-sulfamethoxazole (letter), 601
Unusual inclusions in stromal macrophages in a case of gelatinous drop-like corneal dystrophy, 312
Wide-field endothelial counting panels (letter), 596

Corneoscleral limbus
Randomized comparison of surgical procedures for infantile esotropia, 98:821; correction, 620

Corrections
Evolution of laser technology in ophthalmology (editorial), 480; correction, 745
Randomized comparison of surgical procedures for infantile esotropia, 98:821; correction, 620
Scleral canal size and optic nerve head drusen, 356; correction, 745

Cup-disk ratio
Neuroretinal rim area in early glaucoma, 1

Cyclosporine
Cyclosporine penetration into the anterior chamber and cerebrospinal fluid (letter), 210

Cysticercosis
Intraocular cysticercosis, 252

D

Descemet's membrane
Corneal endothelial trauma after Descemet's membranotomy with the neodymium-YAG laser (letter), 484

Diabetes
Clinical significance of the reduced capillary resistance factor in the diabetic patient, 677
Impact of referral bias on evaluation of cataract surgery, 149
Treatment of diabetic traction retinal detachment with the pulsed neodymium-YAG laser, 258

Diplopia
Ocular deviation after retinal detachment surgery, 667

Down's syndrome
Ocular features of Down's syndrome, 659

Drusen
Adult vitelliform macular detachment occurring in patients with basal laminar drusen, 445
Scleral canal size and optic nerve head drusen, 356; correction, 745

Duane's retraction syndrome
Monozygotic twins concordant for bilateral Duane's retraction syndrome, 563

E

Edema
Argon laser photocoagulation for macular edema in branch vein occlusion (correspondence), 218

Editorials
Computers and THE JOURNAL (NEWELL, F. W.), 482
Evolution of laser technology in ophthalmology, 480; correction, 745
Friedrich Gustav Jacob Henle (1809–1885) (NEWELL, F. W.), 360
Monoclonal antibodies in ophthalmology (RODRIGUES, M. M.), 720
New JOURNAL size (NEWELL, F. W.), 84
Proliferative vitreoretinopathy (SILICONE STUDY GROUP), 593
Randomized comparison of surgical procedures for infantile esotropia, 98:821; correction, 620
Tumor, nodes, and metastasis (TNM) classification of malignant tumors of the eye and ocular adnexa (CAMPBELL, R. J., SOBIN, L., and ZIMMERMAN, L. E.), 83
Xerophthalmia, the deadly disease (SOMMER, A.), 207

Electrophysiology
Silicone oil and its influence on electrophysiologic findings, 201

Electroretinography
New disposable electroretinographic electrode made of anomalous polyvinyl alcohol gel (letter), 492

Embolism
Central retinal artery occlusion during cardiac catheterization, 586
Ischemic optic neuropathy associated with retinal embolism, 590

Endophthalmitis
Bacterial endophthalmitis associated with exposed monofilament sutures following corneal transplantation, 111
Methicillin- and gentamicin-resistant *Staphylococcus epidermidis* endophthalmitis after intraocular surgery (letter), 725
Moraxella nonliquefaciens endophthalmitis after trabeculectomy, 343

Endothelium
Broken semiflexible intraocular lens implant, 170
Effects of intraocular irrigating solutions on the corneal endothelium after in vivo anterior chamber irrigation, 321
Idiopathic sectoral corneal endotheliitis (letter), 728
Wide-field endothelial counting panels (letter), 596
Enophthalmos
New subperiosteal glass bead inserter (letter), 731
Enucleation
Comparison of survival rates for patients with uveal melanoma after treatment with proton beam irradiation or enucleation, 282
Enzyme
Failure of acetazolamide to decrease intraocular pressure in patients with carbonic anhydrase II deficiency, 396
Progressive cone dystrophy associated with low α-L-fucosidase activity in serum and leukocytes, 681
Epithelium
Absence of corneal toxicity with low-level topical anesthesia, 691
Diagnosis of epithelial downgrowth after keratoplasty, 697
Erythema multiforme
Erythema multiforme after use of topical sulfacetamide, 465
Esotropia
Monozygotic twins concordant for bilateral Duane's retraction syndrome, 563
Progressive-addition lenses in the treatment of accommodative esotropia, 56
Progressive-addition lenses in the treatment of accommodative esotropia (correspondence), 497
Randomized comparison of surgical procedures for infantile esotropia, 98:821; correction, 620
Eyebrow
Clues to the diagnosis of functional unilateral blepharoptosis (letter), 612
Treatment of blepharospasm with botulinum toxin, 176
Eyedrops
Absence of corneal toxicity with low-level topical anesthesia, 691
Atropine toxicity (letter), 613
Creating smaller eyedrops by reducing eyedropper tip dimensions, 460
Oculocardiac reflex during ophthalmoscopy in premature infants, 649
Systemic absorption and cardiovascular effects of phenylephrine eyedrops, 180
Eyelid
Ablepharon macrostomia syndrome, 552
Biofeedback therapy of essential blepharospasm (correspondence), 370
Blepharochalasis syndrome, 424
Changes in lower eyelid resting position, movement, and tone with age, 415
Clinicopathologic study of 21 cases of adenoid squamous cell carcinoma of the eyelid and periorbital region, 291
Clues to the diagnosis of functional unilateral blepharoptosis (letter), 612
Floppy eyelid with hyperglycinemia (correspondence), 619
Floppy eyelid with hyperglycinemia (correspondence), 620
Internal vertical shortening for the correction of diffuse or segmental postoperative blepharoptosis, 429
Oculocardiac reflex during ophthalmoscopy in premature infants, 649
Surgical management of floppy eyelid syndrome 557
Treatment of blepharospasm with botulinum toxin, 176
Use of botulinum toxin in blepharospasm, 542

F

Filtering surgery
Filtering iridocycloretraction in chronic closed-angle glaucoma, 340
Fluorescein angiography
Correlation of choroidal subretinal neovascularization with fluorescein angiography, 263
Forceps
Iridotomy scissor-forceps (letter), 609
Fundus
Biomicroscopic examination of the ocular fundus with a +60-diopter lens (letter), 490
Fleck retina in Kjellin's syndrome (correspondence), 618
Fundus flavimaculatus
Fleck retina in Kjellin's syndrome (correspondence), 738

G

Genetics
Failure of acetazolamide to decrease intraocular pressure in patients with carbonic anhydrase II deficiency, 396
Fleck retina in Kjellin's syndrome, 45
Floppy eyelid with hyperglycinemia (correspondence), 619
Floppy eyelid with hyperglycinemia (correspondence), 620
Monozygotic twins concordant for bilateral Duane's retraction syndrome, 563
Natural course of retinitis pigmentosa over a three-year interval, 240
Ocular abnormalities in mucolipidosis IV, 125
Ocular findings in a new heritable syndrome of brain, eye, and urogenital abnormalities, 51
Ocular findings in the candidiasis-endocrinopathy syndrome (letter), 486
Penicillamine-induced ocular myasthenia gravis, 66
Race and primary open-angle glaucoma, 383
Retinal degeneration in vitamin B_{12} disorder associated with methylmalonic aciduria and sulfur

amino acid abnormalities (correspondence), 217
Treatment of corneal opacification in mucolipidosis IV with conjunctival transplantation, 137
Gentamicin
Loading doses and extended dosing intervals in topical gentamicin therapy, 329
Methicillin- and gentamicin-resistant *Staphylococcus epidermidis* endophthalmitis after intraocular surgery (letter), 725
Mydriasis and conjunctival paresthesia from local gentamicin (letter), 723
Glaucoma
Activation of ciliary body melanoma metastasis after abdominal surgery (letter), 209
Angle-closure glaucoma and transient ischemic attacks (letter), 493
Argon laser trabeculoplasty as a means of decreasing intraocular pressure from "normal" levels in glaucomatous eyes, 704
Changes in the contralateral eye in uncomplicated persistent hyperplastic primary vitreous in adults, 122
Comparison of standard and computerized tomography instruments on human eyes, 403
Dose-response study of piloplex for duration of action, 23
Factors influencing the outcome of laser trabeculoplasty, 388
Filtering iridocycloretraction in chronic closed-angle glaucoma, 340
Laser trabeculoplasty re-treatment, 8
Levobunolol vs timolol for open-angle glaucoma and ocular hypertension, 11
Minimum concentration of levobunolol required to control intraocular pressure in patients with primary open-angle glaucoma or ocular hypertension, 18
Momentary fluctuations of intraocular pressure in normal and glaucomatous eyes, 333
Neodymium-YAG laser therapy to the anterior hyaloid in aphakic malignant (ciliovitreal block) glaucoma (correspondence), 368
Neovascular glaucoma and carotid artery obstructive disease, 567
Neuroretinal rim area in early glaucoma, 1
Neuroretinal rim areas and visual field indices in glaucoma, 107
Posttraumatic transient glaucoma and myopia (letter), 495

ABSTRACT INDEX

A

***Acantham eba* sp.**
29-year-old native of India with bilateral ulcerative keratitis, 749

Accommodation
Apparent accommodation in pseudophakic eyes after implantation of posterior chamber intraocular lenses. Optical analysis, 504
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748
Night myopia, 627

Acquired immune deficiency syndrome
Ocular and pericardial involvement in Legionnaire's disease, 503
Retinal lesions of the acquired immune deficiency syndrome, 627

Acute hemorrhagic conjunctivitis
Acute hemorrhage conjunctivitis, Key West, Florida, 376

Albinism
Hairbulb tyrosinase activity in oculocutaneous albinism, 625
Oculocutaneous albinism and anterior chamber cleavage malformations, 378

Amblyopia
Are anisometropia and amblyopia common in Duane's syndrome?, 626

Amphotericin B
Twenty-five years' experience treating cerebro-rhino-orbital mucormycosis, 103

Angiography
Indocyanine green angiography of choroidal neovascular membranes, 507
Indocyanine green angiography of submacular choroidal vessel in the human eye, 507

Angle-closure glaucoma
Coats' disease. A study of 62 histologically confirmed cases, 229

Anisometropia
Are anisometropia and amblyopia common in Duane's syndrome?, 626

Antibody
Ocular and pericardial involvement in Legionnaire's disease, 503
Ocular manifestations of Graves' disease. A review, 748

Antigen
Progressive subretinal fibrosis and uveitis, 228

Aphakia
Blood-retinal barrier in long-standing aphakic eyes after extra- and intracapsular lens extractions, 747
Vitreous fluorophotometry studies in aphakia, 747

Aqueous humour
Penetration of sorbinil, an aldose reductase inhibitor, into lens, aqueous humour and erythocytes of patients undergoing cataract extraction, 747

***Aspergillus* sp.**
Visual loss associated with orbital and sinus disease, 103

Astigmatism
Fluorescein angiography of soft contact lens induced vascularization in penetrating keratoplasty, 749

Axenfeld's anomaly
Oculocutaneous albinism and anterior chamber cleavage malformations, 378

B

Beta-blocker
Comparative efficacy of orally and topically administered beta-blockers for chronic simple glaucoma, 626
Migraine prevention with timolol, 229
Oral and topical adrenergic beta-receptor blockers in glaucoma treatment, 227

Bleomycin
Effect of antineoplastic drugs on cell proliferation—individually and in combination, 506

Blepharoptosis
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748

Blindness
Joubert's syndrome with retinal dysplasia. Neonatal tachypnoea as the clue to a genetic brain-eye malformation, 100
Permanent visual loss after shunt malfunction, 505
Visual loss associated with orbital and sinus disease, 103

Blink
Blinking and associated eye movement in humans, guinea pigs, and rabbits, 102

Blood-aqueous barrier
Vitreous fluorophotometry studies in aphakia, 747

Blood-retinal barrier
Blood-retinal barrier in long-standing aphakic eyes after extra- and intracapsular lens extractions, 747

Blowout fracture
Volkmann's contracture of the extraocular muscles following blowout fracture, 104

Botulinum toxin
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748

Bruch's membrane
Subretinal neovascularisation in eyes with localised inferior posterior staphylomas, 625
Buphthalmos
Computed tomographic analysis of deformity and dimensional changes in the eyeball, 380

C

Canthus
Lateral canthoplasty to change the eye slant, 507
Capsule
Pupillary block associated with posterior chamber lenses, 749
Carcinoma
Sebaceous carcinoma of the eyelid. Errors in clinical and pathologic diagnosis, 100
Carotid artery
Ocular and cerebral ischemic mechanisms in disease of the internal carotid artery, 377
Cataract
Blood-retinal barrier in long-standing aphakic eyes after extra- and intracapsular lens extractions, 747
Coats' disease. A study of 62 histologically confirmed cases, 229
Painless endophthalmitis after cataract surgery, 231
Penetration of sorbinil, an aldose reductase inhibitor, into lens, aqueous humour and erythocytes of patients undergoing cataract extraction, 747
Ultrastructural appearances of a lens with marked polychromatic lustre. Evidence for diffraction as a cause, 625
Vitreous fluorophotometry studies in aphakia, 747
Cavernous sinus
Orbital phlebography in patients with Tolosa-Hunt's syndrome in comparison with normal subjects, 746
Central retinal artery
Sudden visual loss in pseudotumor cerebri due to central retinal artery occlusion, 377
Chalazion
Intralesional corticosteroid therapy of chalazia. A comparison with incision and curettage, 377
Treatment of chalazions with injection of a steroid suspension, 377
Children
Bilateral optic neuritis, 228
Chorioretinal coloboma and Joubert syndrome. A nonrandom association, 102
Electrophysiologic testing and its specific application in unsedated children, 627
Genetic and cytogenetic studies in children with retinoblastoma, 378
Intralesional corticosteroid injections for infantile hemangiomas of the eyelid, 103
Joubert's syndrome with retinal dysplasia. Neonatal tachypnoea as the clue to a genetic brain-eye malformation, 100
Permanent visual loss after shunt malfunction, 505
***Chlamydia* sp.**
Microbial causes of neonatal conjunctivitis, 379
Neonatal conjunctivitis caused by *Chlamydia trachomatis*, 228
Choroid
Chorioretinal coloboma and Joubert syndrome. A nonrandom association, 102
Choroidal melanoma and levodopa, 101
Indocyanine green angiography of choroidal neovascular membranes, 507
Indocyanine green angiography of submacular choroidal vessel in the human eye, 507
Preliminary results in external beam radiation of choroidal melanomas using the linear accelerator, 103
Citrullinemia
Papilloedema in late-onset citrullinaemia, 101
Coats' disease
Coats' disease. A study of 62 histologically confirmed cases, 229
Coloboma
Chorioretinal coloboma and Joubert syndrome. A nonrandom association, 102
Color vision
Configuration color vision tests. The interaction between aging and the complexity of figure-ground segregation, 229
Computed tomography
Computed tomographic analysis of deformity and dimensional changes in the eyeball, 380
Congenital disorders
Long-term results after goniotomy in cases of congenital glaucoma, 505
Yellowish flecks in Leber's congenital amaurosis, 504
Conjunctiva
Malignant melanoma of the conjunctiva, 748
Primary acquired melanosis of the conjunctiva, 747
Salvage of seeing eyes after avulsion of upper and lower lids, 507
Ultrastructure of conjunctival melanocytic tumors, 628
Conjunctivitis
Acute hemorrhage conjunctivitis, Key West, Florida, 376
Microbial causes of neonatal conjunctivitis, 379
Neonatal conjunctivitis caused by *Chlamydia trachomatis*, 228
Contact lens
Fluorescein angiography of soft contact lens induced vascularization in penetrating keratoplasty, 749
Recurrent erosion, 629
Contrast sensitivity
Effect of glaucoma on central visual function, 629
Low-contrast letter charts in early diabetic retinopathy, ocular hypertension, glaucoma and Parkinson's disease, 625

Cornea
Long-term results after goniotomy in cases of congenital glaucoma, 505
Management of corneal descemetoceles and perforations, 506
Recurrent erosion, 629
Salvage of seeing eyes after avulsion of upper and lower lids, 507
29-year-old native of India with bilateral ulcerative keratitis, 749
Corticosteroid
Intralesional corticosteroid injections for infantile hemangiomas of the eyelid, 103
Intralesional corticosteroid therapy of chalazia. A comparison with incision and curettage, 377
Painless endophthalmitis after cataract surgery, 231
Surgical treatment for malignant exophthalmos of endocrine origin, 230
Treatment of chalazions with injection of a steroid suspension, 377
Cystoid macular edema
Progressive subretinal fibrosis and uveitis, 228
Vitreous fluorophotometry studies in aphakia, 747
Cytarabine
Effect of antineoplastic drugs on cell proliferation—individually and in combination, 506

D

Descemetocele
Management of corneal descemetoceles and perforations, 506
Dexamethasone
Painless endophthalmitis after cataract surgery, 231
Diabetes
Retinopathy is associated with higher glycaemia in maturity-onset type diabetes, 100
Sequential vitreous fluorophotometry in diabetes mellitus. A five-year prospective study, 629
Study of retinitis pigmentosa in the city of Birmingham. I. Prevalence, 504
Diabetic retinopathy
Low-contrast letter charts in early diabetic retinopathy, ocular hypertension, glaucoma and Parkinson's disease, 625
Diplopia
Surgical treatment for malignant exophthalmos of endocrine origin, 230
Duane's retraction syndrome
Are anisometropia and amblyopia common in Duane's syndrome?, 626

E

Electroretinography
Electrophysiologic testing and its specific application in unsedated children, 627
Pattern and ganzfeld electroretinograms in macular disease, 625
Pattern electroretinogram and visually evoked cortical potentials in glaucoma, 378
Pattern evoked electroretinogram associated with elevated intraocular pressure, 378

Endocarditis
Metastatic bacterial endophthalmitis, 746
Endophthalmitis
Metastatic bacterial endophthalmitis, 746
Painless endophthalmitis after cataract surgery, 231
Erythromycin
Neonatal conjunctivitis caused by *Chlamydia trachomatis*, 228
Exophthalmos
Surgical treatment for malignant exophthalmos of endocrine origin, 230
Extraocular muscles
Volkmann's contracture of the extraocular muscles following blowout fracture, 104
Eyelid
Afferent pupil testing in orbital-facial trauma, 101
"Apraxia" of eyelid opening. An involuntary levator inhibition, 748
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748
Intralesional corticosteroid injections for infantile hemangiomas of the eyelid, 103

Painless endophthalmitis after cataract surgery, 231
Salvage of seeing eyes after avulsion of upper and lower lids, 507
Sebaceous carcinoma of the eyelid. Errors in clinical and pathologic diagnosis, 100

F

Filtering surgery
Effect of antineoplastic drugs on cell proliferation—individually and in combination, 506
Pattern electroretinogram and visually evoked cortical potentials in glaucoma, 378
Fluorescein angiography
Fluorescein angiography of soft contact lens induced vascularization in penetrating keratoplasty, 749
Fluorouracil
Effect of antineoplastic drugs on cell proliferation—individually and in combination, 506
Fundus
Yellowish flecks in Leber's congenital amaurosis, 504

G

Genetics
Genetic and cytogenetic studies in children with retinoblastoma, 378
Hairbulb tyrosinase activity in oculocutaneous albinism, 625
Oculocutaneous albinism and anterior chamber cleavage malformations, 378
Retinoblastoma. A possible defect in decision-making DNA, 231

Glioma
Magnetic resonance imaging of the optic nerve and chiasm, 231
Spasmus nutans associated with optic gliomas in infants, 380

Globe
Computed tomographic analysis of deformity and dimensional changes in the eyeball, 380
Ocular volume measured by CT scans, 506
Salvage of seeing eyes after avulsion of upper and lower lids, 507

Goniotomy
Long-term results after goniotomy in cases of congenital glaucoma, 505

Graves' disease
Graves' eye disease. Orbital compliance and other physical measurements, 627
Ocular manifestations of Graves' disease. A review, 748

Guillain-Barré syndrome
Ocular palsy preceding chronic relapsing polyneuropathy by several weeks, 746

H

Hallucination
Visual disturbances and occipital brain infarct following acute, transient hypotension in hypertensive patients, 503

Hemangioma
Intralesional corticosteroid injections for infantile hemangiomas of the eyelid, 103

***Hemophilus* sp.**
Microbial causes of neonatal conjunctivitis, 379

Hemorrhage
Solitary intraretinal macular hemorrhage, 378

Hormone
Ocular manifestations of Graves' disease. A review, 748

Hypertension
Visual disturbances and occipital brain infarct following acute, transient hypotension in hypertensive patients, 503

Hyphema
Sickle cell hyphema with secondary glaucoma in a non-black patient, 750

Hypothyroidism
Reversible alteration of the visual evoked potential in hypothyroidism, 503

I

Immunology
Occlusive retinal vascular disease in systemic lupus erythematosus, 626
Ocular and pericardial involvement in Legionnaire's disease, 503
Retinal lesions of the acquired immune deficiency syndrome, 627

Infants
Microbial causes of neonatal conjunctivitis, 379
Neonatal conjunctivitis caused by *Chlamydia trachomatis*, 228
Retinopathy of prematurity and vitamin E, 230
Retinopathy of prematurity in extremely low birthweight infants, 230
Spasmus nutans associated with optic gliomas in infants, 380

Intraocular lens
Apparent accommodation in pseudophakic eyes after implantation of posterior chamber intraocular lenses. Optical analysis, 504
Chemical studies of intraocular lenses after experimental generation of lesions by a short-pulsed Nd-YAG laser, 379
Pupillary block associated with posterior chamber lenses, 749

Intraocular pressure
Argon laser trabeculoplasty or trabeculectomy. A prospective randomised block study, 630
Comparative efficacy of orally and topically administered beta-blockers for chronic simple glaucoma, 626

Long-term results after goniotomy in cases of congenital glaucoma, 505
Ocular tension. Comparison between the two eyes, 750
One- and two-session laser trabeculoplasty. A randomized, prospective study, 227
Oral and topical adrenergic beta-receptor blockers in glaucoma treatment, 227

Sickle cell hyphema with secondary glaucoma in a non-black patient, 750
Some factors affecting the intraocular pressure reduction after argon laser trabeculoplasty in open-angle glaucoma, 227
Transscleral cyclocoagulation using a neodymium: YAG laser, 749
Ultrastructural changes of the trabecular meshwork of the monkey (*Macaca speciosa*) following irradiation with argon laser, 101

Iridectomy
Pupillary block associated with posterior chamber lenses, 749

Ischemia
Migrainous ischemic optic neuropathy, 506
Ocular and cerebral ischemic mechanisms in disease of the internal carotid artery, 377
Visual disturbances and occipital brain infarct following acute, transient hypotension in hypertensive patients, 503

J

Joubert's syndrome
Chorioretinal coloboma and Joubert syndrome. A nonrandom association, 102
Joubert's syndrome with retinal dysplasia. Neonatal tachypnoea as the clue to a genetic brain-eye malformation, 100

K

Keratitis
Surgical treatment for malignant exophthalmos of endocrine origin, 230
29-year-old native of India with bilateral ulcerative keratitis, 749

Keratoplasty
Fluorescein angiography of soft contact lens induced vascularization in penetrating keratoplasty, 749

L

Lacrimal apparatus
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748

Laser
Argon laser trabeculoplasty or trabeculectomy. A prospective randomised block study, 630
Chemical studies of intraocular lenses after experimental generation of lesions by a short-pulsed Nd-YAG laser, 379
Occlusive retinal vascular disease in systemic lupus erythematosus, 626
One- and two-session laser trabeculoplasty. A randomized, prospective study, 227
Short-term effect of laser trabeculoplasty on the glaucomatous visual field. A prospective study using computerized perimetry, 227

Yellowish flecks in Leber's congenital amaurosis, 504

Legionnaires' disease
Ocular and pericardial involvement in Legionnaire's disease, 503

Lens
Blood-retinal barrier in long-standing aphakic eyes after extra- and intracapsular lens extractions, 747
Cerebral angiography. A device to reduce exposure to the eye lens, 231
Penetration of sorbinil, an aldose reductase inhibitor, into lens, aqueous humour and erythocytes of patients undergoing cataract extraction, 747
Ultrastructural appearances of a lens with marked polychromatic lustre. Evidence for diffraction as a cause, 625

Leukokoria
Coats' disease. A study of 62 histologically confirmed cases, 229

Levator palpebrae superioris muscle
"Apraxia" of eyelid opening. An involuntary levator inhibition, 748

Levodopa
Choroidal melanoma and levodopa, 101

Lipofuscin
Retinal changes in myotonic dystrophy. A clinico-morphological study, 746

Lupus erythematosus
Occlusive retinal vascular disease in systemic lupus erythematosus, 626

Lymphoma
Metastatic bacterial endophthalmitis, 746

M

Macrophthalmia
Ocular volume measured by CT scans, 506

Macula
Indocyanine green angiography of submacular choroidal vessel in the human eye, 507
Pattern and ganzfeld electroretinograms in macular disease, 625
Progressive subretinal fibrosis and uveitis, 228

Retinal changes in myotonic dystrophy. A clinicomorphological study, 746
Solitary intraretinal macular hemorrhage, 378
Vitreous fluorophotometry studies in aphakia, 747

Melanoma
Choroidal melanoma and levodopa, 101
Malignant melanoma of the conjunctiva, 748
Preliminary results in external beam radiation of choroidal melanomas using the linear accelerator, 103
Primary acquired melanosis of the conjunctiva, 747
Ultrastructure of conjunctival melanocytic tumors, 628

Meningioma
Diagnosis of orbital tumors by aspiration biopsy guided by computerized tomography, 626
Magnetic resonance imaging of the optic nerve and chiasm, 231
Retinopathy after irradiation and hyperbaric oxygen, 505
Surgical management of suprasellar meningioma, 379

Microphthalmos
Ocular volume measured by CT scans, 506

Migraine
Migraine prevention with timolol, 229
Migrainous ischemic optic neuropathy, 506

Miller Fisher syndrome
Ocular palsy preceding chronic relapsing polyneuropathy by several weeks, 746

Mucormycosis
Twenty-five years' experience treating cerebro-rhino-orbital mucormycosis, 103

Multiple sclerosis
Bilateral optic neuritis, 228
Multiple sclerosis presenting with progressive visual failure, 102

Myopia
Night myopia, 627
Ocular volume measured by CT scans, 506
Subretinal neovascularisation in eyes with localised inferior posterior staphylomas, 625

Myositis
Computed tomography of orbital myositis, 228

N

Nadolol
Comparative efficacy of orally and topically administered beta-blockers for chronic simple glaucoma, 626

Neovascularization
Coats' disease. A study of 62 histologically confirmed cases, 229
Subretinal neovascularisation in eyes with localised inferior posterior staphylomas, 625

Neural crest
Oculocutaneous albinism and anterior chamber cleavage malformations, 378

Nystagmus
Spasmus nutans associated with optic gliomas in infants, 380

O

Ocular motility
Computed tomography in congenital ocular motor apraxia, 230

Ocular motor apraxia
Computed tomography in congenital ocular motor apraxia, 230

Ocular palsy
Ocular palsy preceding chronic relapsing polyneuropathy by several weeks, 746

Oculocutaneous albinism
Hairbulb tyrosinase activity in oculocutaneous albinism, 625
Oculocutaneous albinism and anterior chamber cleavage malformations, 378

Open-angle glaucoma
Argon laser trabeculoplasty or trabeculectomy. A prospective randomised block study, 630
Early trabeculectomy in the treatment of chronic open-angle glaucoma in relation to histological changes, 229
One- and two-session laser trabeculoplasty. A randomized, prospective study, 227
Some factors affecting the intraocular pressure reduction after argon laser trabeculoplasty in open-angle glaucoma, 227

Ophthalmoplegia
Ocular palsy preceding chronic relapsing polyneuropathy by several weeks, 746
Orbital phlebography in patients with Tolosa-Hunt's syndrome in comparison with normal subjects, 746

Optic atrophy
Visual acuity in optic atrophy. A quantitative clinicopathological analysis, 379

Optic disk
Computer-assisted perimetry in visual pathway disease. Neuro-ophthalmic applications, 629
Retinopathy after irradiation and hyperbaric oxygen, 505
Transient visual obscurations with elevated optic discs, 376

Optic nerve
Afferent pupil testing in orbital-facial trauma, 101
Magnetic resonance imaging of the optic nerve and chiasm, 231
Oral and topical adrenergic beta-receptor blockers in glaucoma treatment, 227
Pattern electroretinogram and visually evoked cortical potentials in glaucoma, 378
Pattern evoked electroretinogram associated with elevated intraocular pressure, 378
Reversible alteration of the visual evoked potential in hypothyroidism, 503

Optic neuritis
Bilateral optic neuritis, 228
Relationship of optic neuritis to disease of the paranasal sinuses, 380

Optic neuropathy
Graves' eye disease. Orbital compliance and other physical measurements, 627
Migrainous ischemic optic neuropathy, 506
Orbit
Afferent pupil testing in orbital-facial trauma, 101
Computed tomography of orbital myositis, 228
Diagnosis of orbital tumors by aspiration biopsy guided by computerized tomography, 626
Graves' eye disease. Orbital compliance and other physical measurements, 627
Ocular volume measured by CT scans, 506
Orbital phlebography in patients with Tolosa-Hunt's syndrome in comparison with normal subjects, 746
Twenty-five years' experience treating cerebro-rhino-orbital mucormycosis, 103
Visual loss associated with orbital and sinus disease, 103
Volkmann's contracture of the extraocular muscles following blowout fracture, 104

P

Pain
The eye and face pain, 104
Papilledema
Papilloedema in late-onset citrullinaemia, 101
Permanent visual loss after shunt malfunction, 505
Transient visual obscurations with elevated optic discs, 376
Parkinson's disease
"Apraxia" of eyelid opening. An involuntary levator inhibition, 748
Low-contrast letter charts in early diabetic retinopathy, ocular hypertension, glaucoma and Parkinson's disease, 625
Penetrating keratoplasty
Fluorescein angiography of soft contact lens induced vascularization in penetrating keratoplasty, 749
Perimetry
Computer-assisted perimetry in visual pathway disease. Neuro-ophthalmic applications, 629
Visual perimetry and glaucoma, 628
Photoreceptor cell
Retinal changes in myotonic dystrophy. A clinico-morphological study, 746
***Phycomycetes* sp.**
Visual loss associated with orbital and sinus disease, 103
Pigment epithelium
Retinal changes in myotonic dystrophy. A clinico-morphological study, 746
Pilocarpine
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748
Oral and topical adrenergic beta-receptor blockers in glaucoma treatment, 227
Polyneuropathy
Ocular palsy preceding chronic relapsing polyneuropathy by several weeks, 746
Posterior chamber
Pupillary block associated with posterior chamber lenses, 749
Propranolol
Oral and topical adrenergic beta-receptor blockers in glaucoma treatment, 227
Proptosis
Ocular volume measured by CT scans, 506
Pseudoexfoliation
Pseudoexfoliative material and oxytalan fibers, 100
Pseudotumor cerebri
Sudden visual loss in pseudotumor cerebri due to central retinal artery occlusion, 377
Pupil
Afferent pupil testing in orbital-facial trauma, 101
Apparent accommodation in pseudophakic eyes after implantation of posterior chamber intraocular lenses. Optical analysis, 504
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748
Pupillary block associated with posterior chamber lenses, 749

Q

Quinine
Ocular toxicity of quinine, 505

R

Radiation
Cerebral angiography. A device to reduce exposure to the eye lens, 231
Radiation therapy
Preliminary results in external beam radiation of choroidal melanomas using the linear accelerator, 103
Retinopathy after irradiation and hyperbaric oxygen, 505
Rectus muscle
Botulism—clinical manifestations with emphasis on ophthalmological signs and symptoms, 748
Retina
Afferent pupil testing in orbital-facial trauma, 101
Chorioretinal coloboma and Joubert syndrome. A nonrandom association, 102
Coats' disease. A study of 62 histologically confirmed cases, 229
Joubert's syndrome with retinal dysplasia. Neonatal tachypnoea as the clue to a genetic brain-eye malformation, 100
Migrainous ischemic optic neuropathy, 506
Ocular and pericardial involvement in Legionnaire's disease, 503
Progressive subretinal fibrosis and uveitis, 228
Retinal and epiretinal glia. An immunohistochemical study, 503
Retinal changes in myotonic dystrophy. A clinico-morphological study, 746
Retinal lesions of the acquired immune deficiency syndrome, 627

Retinal neovascularisation arising from hyalinised blood vessels, 379
Sequential vitreous fluorophotometry in diabetes mellitus. A five-year prospective study, 629
Solitary intraretinal macular hemorrhage, 378
Sudden visual loss in pseudotumor cerebri due to central retinal artery occlusion, 377
Ultraviolet receptor of bird retinas, 104
Yellowish flecks in Leber's congenital amaurosis, 504

Retinitis pigmentosa
Study of retinitis pigmentosa in the city of Birmingham. I. Prevalence, 504
Study of retinitis pigmentosa in the city of Birmingham. II. Clinical and genetic heterogeneity, 504

Retinoblastoma
Genetic and cytogenetic studies in children with retinoblastoma, 378
Retinoblastoma. A possible defect in decision-making DNA, 231

Retinopathy
Low-contrast letter charts in early diabetic retinopathy, ocular hypertension, glaucoma and Parkinson's disease, 625
Occlusive retinal vascular disease in systemic lupus erythematosus, 626
Retinopathy after irradiation and hyperbaric oxygen, 505
Retinopathy is associated with higher glycaemia in maturity-onset type diabetes, 100
Sequential vitreous fluorophotometry in diabetes mellitus. A five-year prospective study, 629

Retinopathy of prematurity
Retinopathy of prematurity and vitamin E, 230
Retinopathy of prematurity in extremely low birthweight infants, 230

Rubeosis iridis
Coats' disease. A study of 62 histologically confirmed cases, 229

S

Saccades
Effect of aging on the accuracy of visually guided saccadic eye movement, 376

S antigen
Progressive subretinal fibrosis and uveitis, 228

Sclera
Transscleral cyclocoagulation using a neodymium: YAG laser, 749

Sickle cell trait
Sickle cell hyphema with secondary glaucoma in a non-black patient, 750

Sinus
Orbital phlebography in patients with Tolosa-Hunt's syndrome in comparison with normal subjects, 746
Relationship of optic neuritis to disease of the paranasal sinuses, 380

Sorbinil
Penetration of sorbinil, an aldose reductase inhibitor, into lens, aqueous humour and erythocytes of patients undergoing cataract extraction, 747

Spasmus nutans
Spasmus nutans associated with optic gliomas in infants, 380

***Staphylococcus* sp.**
Microbial causes of neonatal conjunctivitis, 379

Staphyloma
Computed tomographic analysis of deformity and dimensional changes in the eyeball, 380
Subretinal neovascularisation in eyes with localised inferior posterior staphylomas, 625

Strabismus
Coats' disease. A study of 62 histologically confirmed cases, 229

***Streptococcus* sp.**
Microbial causes of neonatal conjunctivitis, 379

T

Tears
The eye and face pain, 104

Timolol
Comparative efficacy of orally and topically administered beta-blockers for chronic simple glaucoma, 626
Migraine prevention with timolol, 229

Tolosa-Hunt syndrome
The eye and face pain, 104
Orbital phlebography in patients with Tolosa-Hunt's syndrome in comparison with normal subjects, 746

Trabecular meshwork
Ultrastructural changes of the trabecular meshwork of the monkey (*Macaca speciosa*) following irradiation with argon laser, 101

Trabeculectomy
Argon laser trabeculoplasty or trabeculectomy. A prospective randomised block study, 630
Early trabeculectomy in the treatment of chronic open-angle glaucoma in relation to histological changes, 229

Trabeculoplasty
Argon laser trabeculoplasty or trabeculectomy. A prospective randomised block study, 630
One- and two-session laser trabeculoplasty. A randomized, prospective study, 227
Short-term effect of laser trabeculoplasty on the glaucomatous visual field. A prospective study using computerized perimetry, 227
Some factors affecting the intraocular pressure reduction after argon laser trabeculoplasty in open-angle glaucoma, 227
Ultrastructural changes of the trabecular meshwork of the monkey (*Macaca speciosa*) following irradiation with argon laser, 101

Triamcinolone
Intralesional corticosteroid therapy of chalazia. A comparison with incision and curettage, 377
Treatment of chalazions with injection of a steroid suspension, 377

U

Ulcer
29-year-old native of India with bilateral ulcerative keratitis, 749
Uveitis
Progressive subretinal fibrosis and uveitis, 228

V

Vestibuloocular reflex
Looking with a paralysed eye. Adaptive plasticity of the vestibulo-ocular reflex, 102
Vision
Effect of glaucoma on central visual function, 629
Visual acuity
Pattern and ganzfeld electroretinograms in macular disease, 625
Surgical treatment for malignant exophthalmos of endocrine origin, 230
Visual acuity in optic atrophy. A quantitative clinicopathological analysis, 379
Visual perimetry and glaucoma, 628
Visual field
Computer-assisted perimetry in visual pathway disease. Neuro-ophthalmic applications, 629
Oral and topical adrenergic beta-receptor blockers in glaucoma treatment, 227
Short-term effect of laser trabeculoplasty on the glaucomatous visual field. A prospective study using computerized perimetry, 227
Visual loss
Migrainous ischemic optic neuropathy, 506
Multiple sclerosis presenting with progressive visual failure, 102
Permanent visual loss after shunt malfunction, 505
Relationship of optic neuritis to disease of the paranasal sinuses, 380
Retinopathy after irradiation and hyperbaric oxygen, 505
Sudden visual loss in pseudotumor cerebri due to central retinal artery occlusion, 377
Surgical management of suprasellar meningioma, 379
Visual loss associated with orbital and sinus disease, 103
Vitamin
Retinopathy of prematurity and vitamin E, 230
Retinopathy of prematurity in extremely low birthweight infants, 230
Vitreous
Coats' disease. A study of 62 histologically confirmed cases, 229
Progressive subretinal fibrosis and uveitis, 228
Pupillary block associated with posterior chamber lenses, 749
